

Time certainly flies! D&M Rural have been operating in business for 10 years already. In this time, as a Rural Agribusiness store we have steadily grown our business and through the association with CRT, we have grown from a 3 staff business to now employing 7 staff, offering a range of specialty products and advice from Agronomy, seed, fertiliser, Finance options, insurance, livestock & animal health requirements, pet feed, general merchandise & much more.

During this time, we have had a large focus on supporting local events, groups, sporting clubs & individuals. We are “your local bloke” and will continue to put back into our community. Our business is built on support from locals and we wish to thank you all for your support & relationships built during this time. Without your support, we would not be here today. We are not a corporate business, we do value our local community and we will continue to heavily focus on “locals supporting locals”.

As a 10 year celebration, D&M Rural will be running a 6 month competition offering all clients that support us a chance for us to give back to you. Whether you are a Town resident needing pet food and washing powder, or a grower needing any form of farm inputs large or small, any purchase in the next 6 month period will allow you an opportunity to win one of many prizes on offer. Every time you spend, you will receive an entry into prize draws that will take place monthly.

During the next 6 months we will be giving away a range of prizes, total value in excess of \$20,000 and give everyone an opportunity to be a winner. Our major prize will be drawn in December.

Come in say hello, see what we have in stock and how we can offer our products and/or services to you. Simply say “Happy Birthday” and you will receive a cooler bag, as well as go into the monthly prize draws.

To start us off in July, we have up for grabs 3 x Outback swags, 1 x Conrod double swag, 1 x Grampians king single swag & 4 x Tatiara Health 4 Life gift baskets. Hopefully something to appeal to all customers. As a teaser, just some of what we have to come: we will support other local business with prizes of goods from them, Koor lighting packages, Scenic farm flights, Generators, Portable Air con system, Food & wine vouchers and our grand prize to come in December. Good luck to all & thankyou for your support.
